She loves to make pottery and design her own clothes. Ntokozo enjoys being outdoors with her friends, singing and cooking while inventing new recipes. Last year she began to collaborate in a feminist association that tries to visualize the woman situation in South Africa.

GOALS

Make her own fashion brand
Living in a self-sufficient way

PERSONAL TRAITS

Self-reliance
Sincere
Cheerful
Sociable

FRUSTRATIONS

Not enough money for buying an apartment for her own
Social and work inequalities between women and men in her country.

Inside the feminist association Ntokozo met a group of people that told her about **commūnitās**. She has begun a collective project with her neighbourhoods to invest in solar panels. Their main goal is to achieve a zero-carbon housing community.
